

WELCOME TO THE

International Association of Aesthetic Gynaecology and Sexual Wellbeing

More than 1000 doctors trained by us world wide!

About Us

Who We Are

The International Association of Aesthetic Gynaecology and Sexual Wellbeing was formed in response to the dramatic increase in demand for surgical and non-surgical treatments in this field. While the trend for Sexual Aesthetic procedures continue, the topic of sexual health and wellbeing is still considered taboo, with only a small percentage of men and women suffering from sexual dysfunction coming forward for help.

Through creating this Association, we aim to create a transparent platform where professionals from different specialities may come together to share their medical knowledge and experience. By doing so, practitioners will have a greater awareness of another field's approach to a condition/diagnosis and this communal and comprehensive understanding can only benefit the patient.

The Training We Provide

IAAGSW will bring the substantive excellence where you will experience hands-on opportunity with the internationally renowned doctor in Non-Surgical Sexual Aesthetics and Regenerative Medicine: Dr Sherif el Wakil.

- Training will take both a theoretical approach then hands-on training.
- All delegates will have hands on training and will leave the training feeling extremely confident to perform these procedures by themselves
- IAAGSW courses are insured by Insurance company 'Cosmetic Insure'
- The training will include, hand-out protocols and notes
- All delegates will receive training certificates with CPD points accreditation
- There are few other treatments which will also be covered like Bleaching for intimate areas.
